Presidio Hills Golf Course.

As an avid golfer of over 50 years, I feel strongly that it is so important to introduce our youth to this wonderful game. Presidio is the type of course that gives many youngsters as well as older golfers to start playing or continue playing when the years keep us off of the bigger courses. Golf is a game that can be enjoyed by young and old and can even be enjoyed playing together. I feel strongly that Presidio should remain open as well as money being spent to improve and maintain the course.

Respectfully Submitted,

Chuck Bush
