

June 14, 2017

I have been following with great interest the Presidio Hills saga through Logan's column. Great memories from the place. More recently, about six or seven years ago for three seasons, I coached the girls golf team at the Bishop's School. I took the kids down there many times. Regrettably, it was just awful. I hope the "Friends" make it happen and get the place restored without changing its character.

All the best and thank you again,

Chuck Courtney
