

RE: The City of San Diego RFP No. 4136; Friends of Presidio Hills Golf

To Whom It May Concern:

I am writing to express my concern and displeasure with the current state of the Presidio Hills golf course. As a long-term Mission Hills resident, father of two young boys, and an avid golfer, it is very important that this course is properly restored to its glory and maintained accordingly. After participating in the Friends of Presidio Hills Golf meetings and seeing the overwhelming enthusiasm and optimism of this very large and qualified organization, it is abundantly clear that they are the best positioned bring this little gem back to life.

I look forward to playing the revived course with my two small children for many years to come.

Respectfully,

Paul Rybak
