City of San Diego

It is our hope that the City will grant to the Friends of Presidio Hills Golf a long-term lease to restore the Presidio Hills Golf Course in Old Town. The course is a San Diego treasure.

The renovation plan of the Friends group includes hiring an experienced PGA teaching professional with a history of instructing youth of all backgrounds and enlisting all members of our community to restore this valuable asset.

Your support is important to the San Diego community.

Thank you.
